Biedermannstraße 84

Dear colleagues,  
ladies and gentlemen,

it is my pleasure to cordially invite you to our 9<sup>th</sup> annual Surgery Workshop at the St. Elisabeth-Hospital in Leipzig.

This year's event will focus on surgical procedures and techniques in urogynecology, endourology and laparoscopy, 3D and Robotic Surgery, which will be demonstrated in live surgeries transmitted from 2 operating theatres. Presentations regarding the surgeries will supply background information.

Various specialists in attendance will discuss advances in urooncology and medical tumor therapy, for example developments in the treatment of testicular cancer and the emergence of checkpoint inhibitors in the treatment of urothelial and renal cell carcinoma.

I would be delighted to welcome you to Leipzig and I am looking forward to your contributions and a lively discussions.

Best regards,

Jörg Raßler
